Litmus

Fluent in English, French, CSS & HTML with over 12 years of digital design experience. Using project management techniques such as 'Agile' & tools such as 'Basecamp' and 'Zoho'. Front end coding using tools such as 'Visual Studio' and a host of JS frameworks. Conducting Face to face client meetings & consultancy as well client training and support. UX and UI design, wireframing & prototyping with tools such as 'Axure' and 'Balsamiq'. High fidelity design with tools such as 'Photoshop' and 'Illustrator'.

AUDLEY

Lead UI Designer & Developer **(2016 - Present)**

Working within the development team to help re-design the main website. Create an atomic component library. Design a client traveller app. Wireframe, design and build a client portal from the ground up.

UX Designer & Developer **(2015 - 2016)**

Working on major e-commerce websites including JML, F-Hinds, Maximuscle and Hotel Chocolat. Liaising with clients to create a detailed brief. Creating interactive wireframed prototypes for clients. Developing an understanding of ecommerce platforms.

XIST2

UX/UI Designer & Developer **(2009 - 2015)**

Working with local SME's, offering an end to end design and build service. Full wireframing and design. Wordpress back end and front end development. Training and on-going support. Brand and print design.

itgs

Sales Specialist **(2008 - 2009)**

Working within a sales team selling web software that protects personal and sensitive data. Developing an understanding of web IT solutions and security software. Managing renewals and updates for existing clients.

MINDGAINS

Designer **(2007 - 2008)**

Working as an in house designer for a start-up cognitive training company. Creating logo and a brand guidelines from scratch. Sourcing imagery and creating general marketing material. Design and build a content manageable website and train the business owners in it's use.
